

CRAN-RASPBERRY-BANANA VALENTINES KONGS

Ingredients:

Cranberries (fresh or frozen)
Raspberries (fresh or frozen)
1 Banana
Low fat plain yogurt

Directions:

Choose the amount you need by the size and number of Kongs you plan to stuff. Combine all ingredients in a food processor. Blend until pureed. Scoop into Kongs. Place Kongs in the freezer for several hours or overnight.

*Be careful where your dog eats these as the red fruits may stain as they defrost. We like ours outdoors.
