

Thanksgiving Turkey Dinner For Your Dog

Ingredients:

1 lb. lean ground turkey

1 egg

1 cup oats

Sweet potato or carrot, either works

Apple

Peas

Radishes

Directions:

Preheat the oven to 350 degrees. Mix turkey, egg, and oatmeal until the mixture forms a nice ball and holds its shape. Form into balls, the size your dog will be eating, smaller dog, smaller ball. Put the ball into a greased pan. Cut the sweet potato into 1/8 inch thick feathers, stick into the back of the top of the ball. Slice radish, and add the slices to the front of the sweet potato feathers. Place peas, or another round veggie on the front for the eyes. Cut a slice of apple to use for the wattle, and press into the face. Cut out feet with remaining sweet potato and place on the bottom of the front of the ball. Bake for one hour, cool, and serve.

Slice the rest of the sweet potato into 1/8 inch pieces, place on a no stick baking sheet, and bake with the turkey. Use the chips as a garnish on the plate or for snacks.
